

Call for Papers ISSA 2010

9th Annual ISSA Conference

<http://www.infosecsa.co.za>

Johannesburg, South Africa

2 - 4 Aug 2010

The 9th Annual IEEE ISSA Conference will be held from 2 to 4 Aug 2010 at the modern facilities of the Sandton Convention Centre, Sandton, Johannesburg <http://www.saconvention.co.za/>. As with the previous ISSA conferences, the forthcoming **ISSA 2010** will again present the latest developments in information security, and bring together national and international researchers and practitioners.

We solicit previously unpublished papers offering novel research contributions in any aspect of information security.

Full papers will be published in IEEE Explore.

Topics include but are not limited to:

- Access Control
- Architectures and infrastructures
- Audit
- Authentication
- Anti-Virus
- Awareness and training in Security
- Backup, Storage, Recovery
- Biometrics
- Business Continuity Planning and Management
- Challenges and solutions of managing security
- Communications / network security
- Content Security
- Corporate governance / Enterprise security
- Digital forensics
- Digital Identification and Authentication
- Economy and philosophy of information security
- Evaluation of Information Security in companies and information security surveys
- Future visions for Information Security Management
- Hacking / cracking
- Information right management
- Information security project management
- Legal, ethical and social issues related to Information Security
- Managing Information Security
- Mobile Computing Security
- Mobile phone security
- Phishing
- Practical industry presentations on managing information security
- Privacy
- Information Security Risk Analysis
- Security Policy and Procedures
- Small distribution applications
- Smart Cards
- Standards - Local & International
- Strategic Information Security
- Trust
- Usability issues in information security
- Vulnerability Assessments

ISSA is co-sponsored by the IEEE Systems, Man and Cybernetics Society (SMCS) Chapter, a chapter of the IEEE South Africa Section, and by the International Federation for Information Processing (IFIP).

Please visit <http://www.infosecsa.co.za> for more details on the topics, guidelines and other information.
